A Chilling Mystery

The novel centers around the disappearance of a popular high school girl, Nadia, who vanishes without a trace one night after a party. As the investigation into her disappearance unfolds, the lives of three of Nadia's friends—Olivia, Mia, and Kasim—become intertwined in unexpected ways.

Olivia, once Nadia's best friend, is haunted by guilt and the suspicion that she may have accidentally caused Nadia's disappearance. Mia, an aspiring journalist, becomes determined to uncover the truth behind her friend's vanishing, while Kasim, Nadia's secret boyfriend, struggles to cope with the loss of the girl he loved.

Nadia's social media presence—her carefully curated photos, her witty captions—becomes a haunting reminder of her absence. As the investigation into her disappearance deepens, the lines between the virtual and the real world blur, and the characters find themselves grappling with the consequences of their online actions.

Through their experiences, the novel delves into the complexities of female friendship, the pressures of conformity, and the search for a place where one truly belongs. Olivia, Mia, and Kasim are all on journeys of self-discovery, and their paths are fraught with both heartache and hope.
